Club:

Photo Day:

Photo Date:

Start Time:

*Note: Photo team will arrive 20-30 min BEFORE start time
and will need access to pool at that time to set up.*

Team Leaders: Please review and communicate these safety and procedural guidelines for a smooth photo day!

- To conserve resources and reduce high-touch transactions on photo day we are not sending hard copy order forms in advance as in previous years.
- Parents are encouraged to print and bring their own copy (link below, or at our web site www.photoventuresinc.com) or fill out a form on site at photo day. Credit card info must be filled in, or cash/check stapled to form.
- All swimmers and parents are asked to wear masks in and around photo areas until they are in front of the camera for their photos.
- Swimmers only in the photo areas please. Parents please remain socially distanced from photo areas except to complete or turn in an order form.

Parents and onlookers please NO PERSONAL PHOTOS of team shots, including use of cell phones. The photo staff will stop photography until all personal cameras/phones are stowed, and the club cannot earn the free gifts and services we provide, if parents are taking their own photos. Thank you for respecting staff and our work.
