

Lake Hills Splashers v. BCW Barracudas
Saturday, June 17th
8:00a Meet Start Time
LH warm-up 7:00a, BCW warm-up 7:30a

Lake Hills is very excited to host Barton Creek West Barracudas this Saturday morning. Please read the following information regarding logistics for the day of the meet. Please note our volunteer requests. Thank you!

SET UP LOCATION

BCW will set up on the grassy section of the lake park (near the water), outside of the fenced-in pool area. Your team's area is shaded some by trees, but you may want to bring some tents for additional shade. You will want to bring your own chairs and blankets to make yourselves comfortable.

Please ensure kids and parents pick up after themselves after the meet, especially take note of the playscape area—trash cans are located around the lake park. (We suggest assigning a clean-up crew as one of your volunteer assignments!) **Please make sure kids do not swim in the lake during the swim meet as there is not a lifeguard on duty.**

FOOD/BEVERAGE

Payment options: Cash and Credit Card

Lake Hills concessions will be open for the duration of the meet. We will have breakfast tacos, sweet treats and other snacks and beverages for sale in our Snack Shack. Pizza will arrive around 11 am.

PARKING

Parking is very limited, and our pool parking lot requires a permit—towing is strictly enforced. **Families should plan to park on the side streets in the neighborhood where there are no posted restrictions. We are not allowed to park on the side of Edgewater in restricted areas.** Lake Hills will have parking attendants directing

you where there are open spaces. Please abide by any posted restrictions on streets. Please do not arrive before 7AM and carpool if possible! Thank you for your understanding.

RESTRICTED AREAS

- Do not stand in front of the computer area or near the starter area. The pool bleacher stands (near the play-scape) is best place to cheer for swimmers. Please help keep swimmers and parents away from the edge of the pool on the lake side. We need to keep this section clear for stroke judges, coaches, and runners.
- Ready bench is for swimmers only. Please keep extra parents and swimmers out of this area.
- Timer tent and finish line are very crowded areas and should be limited to swimmers and timers only.
- Computer tent is limited to LH computer volunteers and coaches. If there are questions related to times, results, or DQs, please communicate with your President first. Each Team President should resolve those issues.
- Please keep children out of the shallow end of the main pool at all times during the meet.
- Please try to refrain from allowing kids to play in the sand before swimming in the pool—use the shower to wash off before entering the pool area, as needed.

VOLUNTEERS

- **Stroke Judges:** The visiting team will provide **2 stroke judges** on deck at all times. All stroke judges will meet on deck at 7:45a. You may substitute as you see fit; however, please remind anyone rotating out to provide the reliever all pertinent information.
- **Ready Bench:** The visiting team will provide **3 volunteers** at ready bench at all times (2 to work ready bench; 1 to work relays).
- **Timers:** The visiting team will provide **6 timers** at all times. They can rotate in and out, but we need 6 for the entire meet. We are also requesting that BCW have 3 on-call timer volunteers to cover any gaps during the first or second shift of the meet. Our head timer is Blake Garrison.

- **Awards/Ribbons:** Please provide **2 volunteers** from your team to help hand out heat winner ribbons. One will work the first half and one will work the second half. (Alternatively, your team can choose to assign a single ribbon volunteer for the duration of the meet).
- **Clean-Up:** Please designate a volunteer to make sure the BCW team area is free from litter and to gather misplaced items following the meet.

MEET ENTRIES/HEAT SHEETS

- **Heat Sheets:** We will not have hard copies of heat sheets available during the meet, so please provide for your volunteers and coaches. Heat sheets will be published to the Swimtopia app prior to the start of the meet.

GENERAL

-
- ***If there are weather related concerns leading up to the meet, the team presidents should be in connect with Maggie or Lauren directly to discuss contingencies.***
