

# Welcome to Kings River

Home of the Kingfish!

Ryan Cotten,

My name is Mayra, I am Board Member Secretary for the Kings River Kingfish. We are excited about our meet this week with Eagle Springs Flyers . We would like to provide your families with some basic information so we can make their visit to the Kings River pool as enjoyable as possible.

Attached is a document with some diagrams referencing parking, visitor's canopy setup and drop-off and pick-up areas.

Could you also provide us with the following?

- Volunteers – On Friday, could you have your volunteer coordinator provide our Head Timers Victor Szabo and Gareth Burton with a list of Timers and Scribes for both shifts for Saturday's meet? This list can be sent to Victor at [vszabo9@hotmail.com](mailto:vszabo9@hotmail.com).
- Volunteers requested:
  - 18 Timers (9 for each of the 2 shifts)
  - 6 Scribes (3 for each of the 2 shifts)
  - 4 Ready Bench (2 for each of the 2 Shifts, We run two ready benches)
  - 1 Ribbon Person (1 for the 2nd shift)
  - 2 Computer Support (1 for each of the 2 shifts)
  - Officials – Please let us know how many officials you will be able to provide so that we can plan accordingly. [Peter Parnham](#) – Meet Referee
- Computers - Can you provide the Contact information for you Computers Person (Name, email and best contact number)? Our Computer Person is Brenda Maya ([bmaya@ccmclending.com](mailto:bmaya@ccmclending.com)). Please have entries saved and checked by 6 pm on Thursday evening.
- We would be very appreciative if you could bring your starter system. This will allow for a starter at both ends of the pool and allow us to transition between ends efficiently. It also helps to have another already on deck as a back-up should one system fail. We start from both ends of the pool and don't move our timers and scribes.

Contact Points:

# Visiting Team Information

Kings River Pool 6775 Kings River Dr. Kingwood, TX 77346

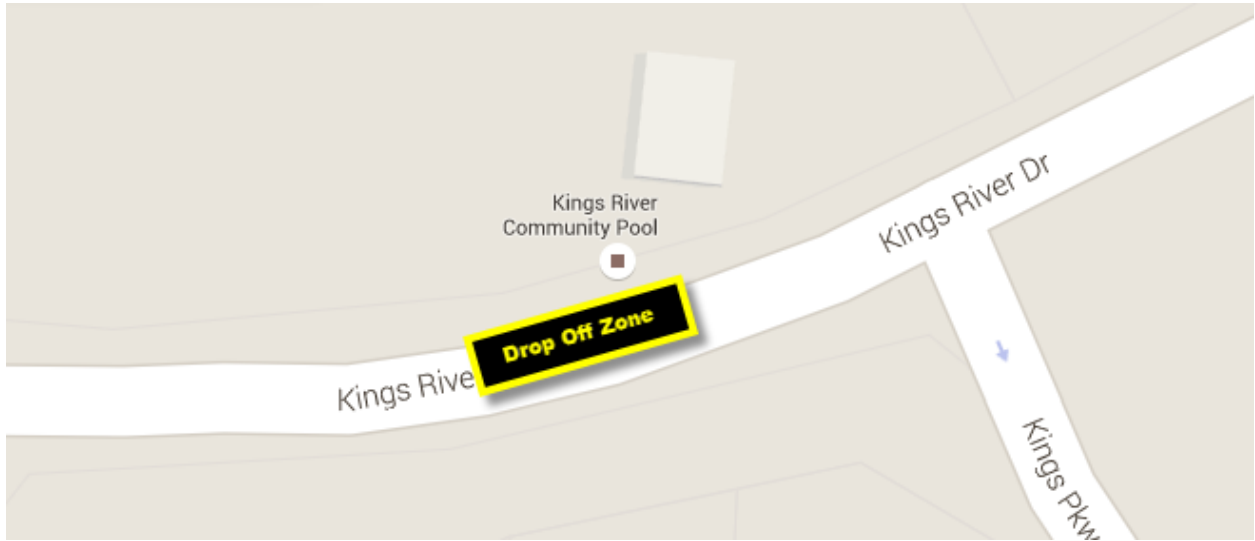

## Visitors Tents/Canopies:

Tent set up for visitors is on the back side of the pool house and may not be set up in the kiddie pool area or anywhere inside the fence. Tent set up is not allowed the night before (can be done beginning at 4 am). Home team sets up in the parking lot and just southwest of the pool. The acoustics for announcements are less audible in area 2.

## Drop Off Zone:

There will be **Drop Off/Pick-up zones** located on Kings River Dr. directly in front of the pool:

## **Parking:**

Parking is recommended up and down Kings River Dr. There are a couple of residential areas that are cul-de-sac near the pool. We ask our home and visiting parents to not park in these side streets as it severely restricts ingress/egress to these residential areas.
