Inclement Weather Policy

Gwinnett County Swim League has instituted the “30-30 Rule,” which states that when you see lightning count the time until you hear the thunder. If the time between seeing the lightning and hearing the thunder is 30 seconds or less, move immediately to a location of increased safety. If you can’t see the lightning, but are hearing thunder, this mean lightning is likely within striking range. After the storm has apparently dissipated or moved on, wait 30 minutes after hearing the last thunder before leaving your safer location and resuming the meet.

In accordance with this policy, Rivermist has implemented the following plan for inclement weather (including lightning):

- Lightning is an underrated weather hazard. By definition, any thunderstorm has the potential to produce a ‘severe’ lightning strike, with the ability to cause property damage and /or personal injury.
- Each person must be responsible for his or her own safety.
- Upon seeing lightning or hearing thunder, the meet committee will immediately suspend the meet until enough time has elapsed from the last audible thunder.
- If the meet is suspended, the pool deck (including the pavilion area) must be cleared. You should exit the pool area and move immediately to your vehicle in the parking lot.
- If the meet is postponed, you will be provided information (via the announcer or other communication method) of the date and time the meet is to be resumed.
