THUNDERSTORM POLICY & POOL EVCUATION PLAN

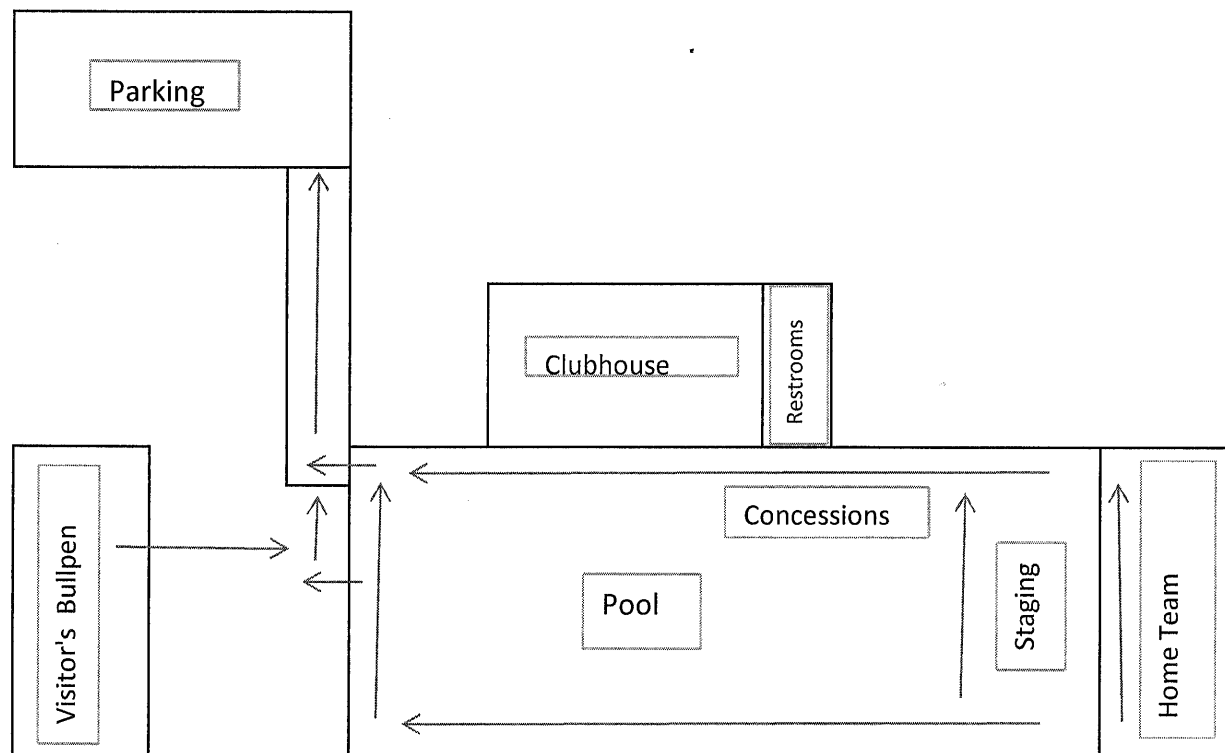

The Gwinnett County Swim League has implemented the “30-30” rule for approaching thunderstorms during swim meets. The “30-30” rule is as follows:

- If the time interval between seeing a lightning flash and hearing the thunder clap is less than 30 seconds, then everyone will be required to evacuate the pool area to a safer location and not to return to the pool area for at least 30 minutes.
- Any subsequent “lightning to thunder” intervals of less than 30 seconds will reset the waiting time for an additional 30 minutes, from the most recent lightning event.

In addition to the 30-30 rule, a designated member of the Meet Operations committee will monitor both a Strike-alert lightning detector and weather band radio broadcasting National Weather Service warning advisories, which has been programmed to alarm for storms approaching the Grayson area. Any such alarms for storms approaching within 30 miles of Grayson, will also result in activation of the pool evacuation plan.

It is our plan to evacuate the entire pool deck, including the adjacent spectator areas, whenever the 30-30 rule is in effect. During this time, all swimmers, parents and guests will be asked to wait in their vehicles until word is passed to return to the pool area. Each parent in attendance at the meet must be responsible for safely evacuating themselves, their swimmers, and any other family members and guests. Please refer to the evacuation plan diagram below.

In certain cases involving large or slow moving storms, it may become necessary to postpone the remainder of the swim meet to a subsequent evening. In most cases, this will be the following evening, to recommence at 6:00PM. Should this action become necessary, you will be so advised.

RM vs WAT - 6/17/2019 to 6/19/2019
