MESSAGE FROM OUR COACH

A great job last night team! The coaches and I were proud to see our team really step up the second half of the meet to secure our win.

We still had quite a few disqualifications for false starts, 1 hand touches on breast stroke and butterfly, and illegal kicks. (For example-flutter kick on butterfly or breast stroke scissor kick). There were much less DQ's this week compared to last week, so this means we are moving in the right direction.

Folks, next Tuesday we have an important swim meet against Seven Oaks. We need all hands on deck! UClub has an opportunity to go after the TSA Championship this year. We can move toward this goal by making sure swimmers are attending the meet and practicing proper stroke techniques taught by coaches at each practice.

Excellent job last night and let's continue the trend!
