MESSAGE FROM OUR COACH

False starts, one hand touches, and alternating kicks oh my! In all my years of coaching I've never had more disqualifications in one night as I did last night! TWENTY TWO DQs!! Folks, we have a lot of talent on this team, but it makes no difference if we are sloppy in our races! We practice relay starts almost daily, and I know many of you have done push up for one hand touches. These easy little things we need to focus on EVERY practice. We easily could have had 30+ more points with these everyday little practices! These points will be MUCH needed during the meets moving forward.
