Parking is available at Bucknell Elementary School's back and front lots; and curbside, adjacent to the school for general parking. Please avoid parking on Coventry Rd., the narrow road leading south from the club entrance. For drop off, it is best if people go from Route 1 to Popkins Lane to Coventry for swimmer drop off. Then people can continue to Bucknell Elementary to park. Please drive carefully within the neighborhood and respect our neighbors by leaving ample room at intersections and driveways when parking. IMPORTANT – WEATHER DELAY POLICY

The Relays must go on, but only when it is safe for our swimmers and spectators. Little Hunting Park, in communication with the Division Coordinator and all Team Representatives, will decide when a rain/thunder/lightning delay must be called.

In the event of a thunderstorm during the meet, follow the guidance of the pool management of the host pool and these NVSL guidelines:

1. All spectators, swimmers, coaches, and officials shall go immediately to their cars or designated areas. A pool is one of the most dangerous places to be during a thunderstorm. The decision to clear the pool and halt the meet shall be made without hesitation. We will take no chances with the lives of our children.
2. Team Representatives should report to the pool office with the Pool Manager, Meet Manager, and Referee.
3. The group in (2) will make a final decision concerning the continuation of the meet. If the meet cannot be safely completed as scheduled, a suitable alternative time shall be identified and the Division Coordinator shall be notified of the change. Generally there is at least a 30-minute wait between the last thunder and/or lightning, and the continuation of the meet.
4. No one should leave the meet until hearing the official word on the meet's continuation. You will be informed of any and all official decisions by your Team Rep or by the Meet Manager. Information from other sources may be false.

Thank you in advance for your patience.

Congratulations 2023 Seniors!
