**Trident @ Kay Brook 7/9/24**

#56 - Mens Open 200 Freestyle Relay

TJ Rohe - Trident

Place: 1 - 1:54.63

## Getting Started

---

Use File | Make a copy and save it to your drive.  
Suggested name is YYYY-MM-DD Visitor @ Home

## Summary Tab

---

Complete the sections above Meet Summary.  
The Meet Summary section is automatically populated based on the Swim tab.  
After the meet, print out 3 copies of the Summary tab for signature.

## Swim Tab

---

After each event, enter the number of points scored for each team in that event.  
For example in Event 5, Home takes 1st and Away 2nd & 3rd. This would be 5 for Home and 4 for Away.  
MeetMaestro will show the points for the top places.  
Or from the Settings Menu print the results.  
The cell background turns white when full points have been entered (7 for relays, 9 for individual).  
Red background means an error and yellow is a warning.  
For example, you may not have enough athletes to earn full points in each event.  
Keep in mind, a team cannot sweep an event. MeetMaestro is setup to score this, it just may look odd as 4th place can score points.  
Use the Summary Box (Cell I9) to track the overall score for each team, it must match MeetMaestro.  
As MeetMaestro does not score dive, use the Score w/o Dive (Cell I26) to match the MeetMaestro score once Dive is complete.

## Dive Tab

---

Enter Dive results - Event, Team, Diver Name, Total Dive Score from Dive Sheets. Place will auto-calculate.  
Then assign points based on the Place - 1st = 5, 2nd = 3 and 3rd = 1.  
A team cannot sweep all the places, so 4th or lower may receive 1 point.  
As needed, select any DQs and Exhibition Divers from the drop downs.

## Labels Tab

---

Although it looks blank, it will populate up to 30 labels based on Entries in the Dive Tab, once the Diver Name is entered.  
Based on Avery Label #18260 - Print Margins are set to 0, but may need to reset if your labels print incorrectly.  
To adjust, click Print | Margins | Custom Margins -> Set Top/Bottom & Left/Right = 0  
If any label should not be printed, delete the cells. Changing the formulas is not recommended  
Have not test printed yet, feedback welcome!

## Submission

---

Share a copy of the workbook with abestatistician@gmail.com after the meet

## Revision History

---

24.Jun.01 - Initial Version  
24.Jun.14 - Added Label & Instructions  
24.Jun.26 - Added drop downs for Summary sheet and auto place calculation and auto copy of score into the Swim tab events.
