The Grafton Dolphins Swim Team is gearing up for our 2023 swim team season. Grafton Swim Team strives to enrich the lives of kids in the Falmouth, Ferry Farm, Grafton, and Fredericksburg Communities by providing a place for children to build their swimming skills during the summer. Our goal is to enrich the kids' social skills, team skills and sportsmanship.

The Grafton Dolphins Swim Team is reaching out to businesses in our community to help us in having a successful swim team season that all kids can enjoy. We are raising funds to support our team's commitment to these kids and the program we provide. We are hoping to make this the best swim year possible and this will not be possible without the generosity of our community. We are currently looking for team sponsors and/or donations for this year's season. The attached forms outline sponsorship opportunities and donations that would help in making this a fun and inviting time for all. Please remember the Grafton Dolphins Swim Team is a 501 (c) (3) non-profit organization, and your donations are tax-deductible.

Swim team is a summer commitment for families. The children have practices every weekday morning and parents are required to volunteer at all meets to ensure the meets run smoothly. We expect to have over 90 swimmers this year and we try to keep the cost for families reasonable so that any child that wants to participate may do so. The fees collected do not offset the cost of running a successful swim program. Costs the swim team incurs include coaching staff salaries, lifeguard salaries, pool rental fees, equipment expenses, insurance premiums, RSL dues, and software, as well as administrative costs of running a meet, including ribbons, awards, and water for volunteers and referees.

Please feel free to contact us with any questions regarding this Swim Season and the Sponsorship opportunities. Thank you for your consideration.
