

Organizing the Swim Team Ice Cream Social

This is an easy event to organize. Swim Team provides the ice cream and fixings and paper goods.

A Get the sign up sheets posted in Swimtopia (rep will handle) a few days ahead.

B Check on paper goods in the Snack Shack. You will need:

Napkins

Eating Utensils

Bowls

C You will also need several ice cream scoops...check snack shack first.

D Buy ice cream in bulk, Sam's seems to have the better prices than Costco. Watch for super sales at Giant/Safeway. Toppings typically expected include different sprinkles, whipped cream, cherries, chocolate syrup, some caramel, frozen strawberries (there's a container with cut/crushed berries in syrup), whatever else tickles your fancy. There is no charge for the ice cream social portion.

E Set up is pretty easy. Set up 2 tables to create the ice cream bar. Tablecloths aren't a bad idea. Servers are on one side of the tables, everyone else moves along the other side. Kids **do not** serve themselves of anything. Watch out for those wanting seconds early.

F Clean up is not complicated but has to be thorough! Leftover food items can be put up for grabs unless concessions can use them.
