- Enjoy Powerful Performance with Plenty of Storage for Your Everyday
- Power hours of Family Fun with a Long-lasting Battery
- Use Multiple Apps⁹ at Once and Get More Done Every Day
- Smart for Parents, Safe for Kids

Regarding routers, it may be different for each pool. Some teams may already have a wifi router that is dedicated to desk use. Some may want a 4G hotspot if there is no good wifi at the pool.

But if a router is needed I generally recommend this small [GL.iNet](#) router which is very versatile and can be used in a variety of setups - either as a repeater, wired router or tethered via mobile phone to the 5G network.

Under no circumstances should they use a 'public' wifi of the pool which is open to everyone.

Swimtopia:

Here is step by step from the Help Center on [Swimtopia](#) to set things up also.

Warranty:

The yearly fee gives us access to using the software and acts as a warranty on my malfunctions with buttons. If anything that Time Drops shipped to you malfunctions for any reason, they will repair or replace it. After the first year you will have to pay for shipping though. In the first year shipping is covered under warranty.

The only things that are NOT covered are damage to the pelican case itself, soiled lanyards, and when the batteries in the buttons run out. Those are user replaceable. Time Drops also does **NOT** cover the tablets/router.
