

Dear Sponsor,

On behalf of the Glen Oaks Swim Team, thank you for your support of our program and community. Whether you have partnered with us in the past or are considering joining us for the first time, your investment plays a meaningful role in the success of our team and the experience we provide to our swimmers and families.

For 70 years, the Glen Oaks Swim Team has been a cornerstone of the Carmichael community. Today, we serve more than 250 swimmers, ages 4 to 18, fostering not only athletic development but confidence, teamwork, and lifelong friendships. Our team practices five days a week and hosts Saturday home meets at the Glen Oaks Swim & Tennis Club - a true "home away from home" where families gather, connect, and enjoy the club's many amenities.

This year, our fundraising efforts carry even greater importance. In addition to supporting the swim team's ongoing needs - such as equipment, programming, and operations - we are also contributing to the club's capital campaign, focused on **critical facility improvements**. These include essential upgrades to the electrical system and future pool resurfacing, ensuring a safe, reliable, and high-quality environment for our swimmers and the broader community for years to come.

Your sponsorship helps us continue delivering a positive, enriching experience for our athletes while also investing in the long-term sustainability of the club they call home.

We are grateful for the support of local businesses and community partners and would be honored to have you join us this season. Please find additional sponsorship information attached.

Thank you for your consideration and support.

Sincerely,
Glen Oaks Swim Team
