

Hello RMSL! Heritage Greens welcomes you to our pool. We are excited to host the 11-12 prelims meet and have you as our guests.

**Here are some logistics for the meet:**

- Our pool is located at 4814 E Links Circle, Centennial CO 80122
- Your team tent and family tents can be set up according to the map attached. There will be a stake in the grass outside the pool designating your spot. Please stay in that location. Attached to your stake will be a trash bag. Please do your best to clean up your team’s trash.
- We will have 1 reserved parking space in the parking lot your team to use as you would like. Lot will be blocked off so please just park, each team doesn’t have a designated spot. 1 spot per team.
- There is ample street parking around the pool, we ask that families be courteous and avoid blocking driveways.
- Please note, our concessions are cash or venmo. If this is something that you are worried about, please pack accordingly.
- Heating is around the back of the pool. Please do not come through the pool area to Heating. See attached map with heating locations A and B.
- Heat sheets will be emailed to you from the League. Please print what you need for your own team.
